## **ANTI-BULLYING POLICY AND PROCEDURES**

This policy supersedes all previous policies relating to matters contained herein.

*Emphasis is firstly given to providing a Maronite Catholic foundation through regular prayer, celebration of the Sacraments, commitment to the Word of God, and openness to grace.*

*Secondly, all are encouraged to see the best in themselves and in one another, as Paul writes, 'Whatever is true, whatever is honourable, whatever is just, whatever is pure, whatever is pleasing, whatever is commendable, if there is any excellence and if there is anything worthy of praise, think about these things' (Phil 4:8). Emphasises is on treating all with dignity, service, forgiveness, justice, and love.*

*Thirdly, the College is a community which promotes a sense of family among the Sisters, Board Members, staff, students, parents, and friends*

**INTRODUCTION**

St Maroun's College is committed to providing a safe, supportive and caring environment which fosters respect for others and a **zero** tolerance for bullying. In the light of the College Mission Statement our endeavour is to continually build a College community in which the Gospel values of faith, justice and love are reflected in all aspects of College daily life.

Bullying behaviours impact the lives of the person/people being bullied, those who are bullying and the bystanders who watch on. People who bully others are more likely to under-achieve in later life and continue to use power inappropriately. Students suffering from prolonged bullying are more likely to end up with depression and low self-esteem as young adults. Bullying incidents can be both isolated and repeated.

Thus, the College approach recognises that proactively preventing and dealing with bullying matters early, is the responsibility of every student, parent/carer, staff and community member. We believe the College has appropriate structures, policies, procedures and practices in place to educate and provide preventative strategies and the tools for dealing with incidents of bullying.

**PURPOSE**

The intention of the Anti-Bullying Policy (the Policy) is to clearly articulate for collective understanding what bullying means, signs of bullying, preventative measures and what is not bullying. To educate all in the College of their moral, ethical and legal obligation to only accept zero tolerance of bullying, the College expects professional responsibility to convey legislation and College expectations. The College provides resolution strategies and disseminates the information and procedures to all College stakeholders.

This Policy and Procedures resonate the NSW Child safe Standards 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10.

**DEFINITIONS**

**Bullying** is **repeated** and **unreasonable behaviour** directed towards a person or a group that **creates a risk to health and safety**.

**Repeated behaviour** refers to the persistent nature of the behaviour and can involve a range of behaviours over time.

**Unreasonable behaviour** means behaviour that a reasonable person, having considered the circumstances, would see as unreasonable, including behaviour that is victimising, humiliating, intimidating or threatening.

**“Upstander”** is a person who will stand up for the person being bullied by telling the bully to stop, telling a teacher or completing the College *“Bullying Report Form.”* Upstanders care about others!

**“Bystander”** is a person who witnesses the bullying actions with a legal obligation to report it.

## 1. WHAT IS BULLYING?

Bullying is not the same as conflict. Bullying is about people using their power to hurt or humiliate others.

***“Bullying is the conscious desire to hurt, frighten or exclude someone by physical or verbal means.”***

Bullying can be isolated or repeated and take many forms:

- **Physical** – repeated physical harm of a person or group (punching, tripping, pushing or kicking) or physical intimidation by threatening harm, destroying or stealing belongings.
- **Verbal** – repeated verbal abuse of a person or group by; calling them unpleasant names, teasing, putdowns, sarcasm, insults, threats, writing nasty notes or messages or by using foul gestures.
- **Social** – repeatedly socially ignoring, ostracising, alienating harassing, embarrassing, making inappropriate gestures or excluding a person or group from activities.
- **Psychological** – often less obvious than other forms of bullying. Spreading rumours, hiding or damaging possessions, malicious SMS and email messages, giving dirty looks, intimidation or made to feel manipulated.
- **Cyber** – when a student/s are tormented, threatened, harassed, humiliated, embarrassed or otherwise targeted by another student/s using the Internet, interactive and digital technologies or mobile phones.

The College recognises that despite the educational and social benefits of information and communication technologies there are risks associated with their use particularly for College aged students. Verbal, Social and Psychological bullying can take place through the incorrect use of these technologies.

## 2. IMPACT OF BULLYING

Bullying behaviour stops an individual from feeling comfortable in the College shared environment. Bullying behaviour can also affect the long term emotional and social development of the student who is bullying. Bullying impacts the College community as a whole.

- Develop long term problems in establishing friends and social connections with their peers.

- An increased number of disciplinary incidents at the College.

Failure to adhere to this and any subsequent breaches may lead to serious repercussions, reporting to the police and possible criminal charges.

#### 5. IF YOU ARE BULLIED

St Maroun's College will monitor and regularly review the policy. To conduct this review, the Head of Teaching and Learning and Primary Coordinator will distribute and collate surveys in order to collect appropriate data. This

As the target of a bully, you are the one who should take action most strongly. The more you try to ignore it and leave it, the more likely the bullying will continue and become worse and potentially reach dangerous levels. Never feel like that nothing can be done or if you want to do something never think that you will continue to be targeted.

There are many members of staff at the College who are able to assist; your teachers, your Year Advisor, Primary Coordinator, Head of Wellbeing, the Psychologist, or the College Chaplain. They can help you decide how to handle the situation and they can take action.

1. Tell the student who is bullying to stop, let them know that you are not going to put up with their bullying and that you will report it.
2. Try and be strong and show that you are not affected, the student bullying you may stop because they are not getting the reaction, they want from you.
3. Leave the area and go directly to a member of staff or to the administration offices.
4. Don't be afraid to talk about it with friends or family.
5. Talk to other students at the College, i.e. College Leaders, Peer Support Leaders, Buddies, or SRC Representatives.
6. Establish a friendship network.
7. Be smart about avoiding high risk places and times.

*Always remember that you are not alone.*

***The College takes bullying extremely seriously and will not tolerate any form of bullying occurring at the College.***

## 6. IF YOU WITNESS BULLYING

There is a fear that if you report the bullying incident you can become the target of bullying, or be labelled a 'dobber', but to be effective the College needs to work together with members of staff, students and parents.

If you are a witness to bullying behaviour, you **need to care enough** to want to do something about it that is be an **Upstander**. You need to have the courage to act in the following possible ways:

1. If possible, you can intervene as the bullying occurs by simply saying "cut it out", "leave him/her alone", or "Quit it", or "Stop". This is very useful if you have influence with the person that is bullying: e.g. If you are older, a friend, a member of the College SRC or Sporting Team Captain.
2. If you cannot act immediately, it is very important to report the incident to someone you trust (Teacher or Coordinator or Year Advisor) as soon as you can. You may need to establish that you want privacy and confidentiality. Alternatively, you may wish to make an anonymous report that will advise of a potential bullying incident.
3. Offer support and friendship to the victim. Encourage the victim to get help through staff, family or SRC members.

## 7. CYBER BULLYING

Cyber bullying can occur in different forms such as text, video or image and can be conveyed using a range of modes, such as e-mail, social websites, mobile phones, instant messaging, chat rooms, web blogs and online personal polling sites.

People using bullying behaviour will often act more boldly online than if they were facing their victim in person. Sending taunts remotely and anonymously makes the person doing the bullying feel safer. The victim's physical or emotional response, which might change or soften the bullying behaviour, can't be seen.

Cyber bullying is often done by **Cyber Predators**. These are people who use the Internet to hunt for victims to take advantage of in ANY way, including sexually, emotionally, psychologically or financially. Cyber predators know how to manipulate children, creating trust and friendship where none should exist. They often create nicknames that do not reflect their own name or anything personal in order to deceive children.

### 7.1 RECOMMENDATIONS for STUDENTS

If a student is being bullied online, it's great for them to feel they have some power to resolve the problem on their own. These six steps are a good way for the student to **G.E.T. R.I.D** of the bully:<sup>1</sup>

#### **ACTION STEPS:**

1. **G**o block or delete the person engaging in cyber bullying. Blocking from friend lists helps stop the person engaging in cyber bullying from posting or uploading offensive content about your child. If it's a text message or call, you can call the service provider and have the calls/texts monitored. If necessary, the service provider can even contact the sender since mobile phone holders breach their contract if they use their phone to bully. If necessary, you can change the phone number.

<sup>1</sup> Source: Strategies edited from Raising Children Network - [http://raisingchildren.net.au/articles/cyberbullying\\_teenagers.html/](http://raisingchildren.net.au/articles/cyberbullying_teenagers.html/)

2. **E**nsure you keep evidence of bullying. Save and print out any bullying messages (Use the print screen key, at the top right of most keyboards).
3. **T**ell someone about it! Ignoring it may lead to it becoming worse. Tell an adult you trust, your parents, your class teacher, Year Advisor/Primary Coordinator or Head of Wellbeing.
4. **R**eport abuse. Reporting bullying to web administrators is usually as easy as clicking on a 'report abuse' link on a website. The website will remove the offensive content. Do not respond to the abuse. There could also be consequences for the person engaging in bullying. If it occurs at the College, it must be reported immediately to a staff member such as a teacher, Primary Coordinator/Year Advisor, Head of Wellbeing. Remember, if you have been threatened, this matter could be reported to the local police by the College.
5. **I**gnore bullying behaviour. This means not responding aggressively to taunts. It's OK to tell the person engaging in bullying to stop, but you shouldn't try to retaliate aggressively.
6. **D**elete the bullying message (after saving a copy), and don't forward via text or send chat logs to others. Never give anyone access to your accounts or give your usernames and passwords.

## **7.2 RECOMMENDATIONS for PARENTS**

- Place and keep home computers, including use of portable devices in an open, common area of the home.
- Inform Internet Service Providers (ISP) or mobile phone service provider of any abuse.
- Keep records for evidence by saving or printing out messages or keeping a screenshot and note the time and date.
- Install parental control programs on home computers that provide filters for social websites, instant messaging, chat rooms etc.
- Report all bullying incidences to the College – especially if the bully is another student from the College.
- Report serious incidences to the Police.
- Do not take matters into your own hand.
- Provide loving support for your child throughout the resolution process and encourage them to talk about their feelings.

## **7.3 COLLECT EVIDENCE**

A screenshot is a photograph of the computer screen and is useful for recording details you may want to use as evidence when it is reported.

- Firstly, have the information you wish to record open on the screen and press PRTSCN (Print Screen) button on your keyboard. The image will be saved in a temporary memory.
- Secondly, open a Microsoft Word document and right click and paste the screenshot.
- Thirdly, make a note of the date, time, location, e-mail address, nickname or any other information that you think might be useful and then save the file or print it.
- For Apple products you can take a screen shot by pressing the on/off button and the home button at the same time. This will capture an image of the screen and send it to your gallery as a picture. The Apple product can then be brought to the College to verify the bullying incident.

## **8. COLLEGE PROCEDURE DEALING WITH BULLYING INCIDENT**

Bullying is viewed as a major breach of the College rules and behavioural expectations which all follow up action will align with the Student Behaviour Management Policy and Procedure.

The procedures set out below outline the steps taken by all parties involved in relation to a bullying incident being reported to the College.

2. The Primary Coordinator/Year Advisor will request the student to complete the *Bullying Report Form*.
3. The Primary Coordinator/Year Advisor commences investigation into the allegation and may require the assistance of a member of the Executive Team during the investigation. The Primary Coordinator/Year Advisor collates evidence and prepares a report.
4. The Primary Coordinator/Year Advisor will address all parties, including any witnesses. If the incident does not warrant further action a copy of the complaint will be recorded on the College's Management System (Sentral). The parent/guardian will also be contacted.
5. If the allegation warrants further action, the Primary Coordinator/Year Advisor will consult with the Head of Wellbeing and a formal meeting with the parents/guardians of the alleged perpetrator will take place. Parents/Guardians of the victim and witnesses (if present) will also be consulted throughout the process and provided with updates on progress.
6. Depending on the evidence and the outcome of the interviews, disciplinary action will be taken against the alleged bully and any other student who supported the bullying according to the College's Student Behaviour Management Policy and Procedure which may include:
  - Restorative Justice reflection by all students involved.
  - Completion of resources and tasks.
  - College Psychologist referral.
  - Mentoring Session with College's Liaison Police Officer.
  - Serious incidents may be referred to the Police.
  - Placement on a Monitoring Card.
  - Possible Suspension for extreme cases and repeat offenders.
  - Possible termination of enrolment (depending on student's history and record) for serious incidents or repeat offenders.
7. All documentation and evidence will be recorded in the College's Management System (Sentral).
8. Follow up action will be carried out by the Primary Coordinator/Year Advisor through ongoing monitoring to ensure the outcome and resolutions reached are carried out by all parties involved.

## 9. MONITORING and REVIEWING

St Maroun's College will monitor and regularly review the policy. To conduct this review, the Head of Teaching and Learning and Primary Coordinator will distribute and collate surveys in order to collect appropriate data. This process will assist the College to assess the effectiveness of the strategies, programs, and procedures we have in place to address bullying.
